

# Flyball Seminar

*The world's fastest growing dog sport is coming to the Kenai Peninsula!  
Don't pass up this opportunity to be a part of flyball history!*

## **What is flyball?**

Flyball is a fast-paced and exciting sport with teams of four dogs that compete in relay races. Each dog jumps over four hurdles, triggers a spring-loaded box, catches a ball, and returns over the hurdles.

## **Who can play flyball?**

Anyone can play flyball, and just about any dog can play flyball, regardless of size or breed (including mixed breeds). It is a great team sport that can involve friends and family, including kids.

**Topics for the seminar** will include: how to train your dogs to play flyball, how to participate in competitions, how to form a flyball club, and more.

**Seminar instructors** are from the Alaska Dogs Gone Wild Flyball Club in Anchorage. They have 11 years of combined experience in flyball competition and instruction, and one instructor is currently an apprentice flyball judge.
